NOTICE 03-03 KANSAS RETAILERS' COMPENSATING TAX

The 2003 Kansas legislature has enacted compensating use tax changes that take effect July 1, 2003.

For those remitting KANSAS RETAILERS' COMPENSATING USE TAX, the most noticeable difference will be the rate of compensating tax due. BEFORE JULY 1, 2003, the Kansas compensating use tax rate was the state sales tax rate only – currently 5.3%. **ON AND AFTER JULY 1, 2003**, the Kansas compensating use tax rate will be equal to the <u>combined</u> (state and local) sales tax rate on ALL purchases of tangible personal property used, stored or consumed in the state of Kansas.

EXAMPLE: On July 1, 2003 a Kansas resident purchases a \$1,000 Desk from Nebraska Office Mart in Omaha and arranges to have it delivered to his home in Topeka. Nebraska Office Mart will collect Kansas retailers' compensating use tax at a rate equal to the Topeka sales tax rate (7.2%) - (\$1,000 X .072 = \$72.00 Kansas retailers' compensating use tax due).

EFFECTIVE JULY 1, 2003, the rate of Kansas retailers' compensating use tax due will be the rate in effect where the customer takes delivery/possession of the purchased item(s). Under this new rule, the seller will collect Kansas retailers' compensating use tax equal to the combined sales tax rate in effect at the "customer's shipping address" in Kansas.

If the "<u>shipping address</u>" is not known to the seller, then it is the tax rate in effect at the "<u>purchaser's address</u>" as maintained by the seller in the normal course of business. For more information concerning "Sourcing Rules" (the appropriate rate of tax to collect) see NOTICE 03-04

KANSAS SALES TAX JURISDICTION CODE BOOKLET - PUBLICATION KS-1700. As noted, the new law requires Kansas retailers' compensating tax to be equal to the combined sales tax rate. All of the sales/compensating tax rates for Kansas cities and counties are found in Pub. KS-1700, which is available from the department's web site: http://www.ksrevenue.org/pdf/forms/pub1700.pdf or forms order line: (785) 296-4937.

The Streamlined Sales Tax legislation requires the Kansas Department of Revenue to provide and maintain a database, in downloadable format, describing boundary changes for all local taxing jurisdictions, including a description of the change and effective date, and the sales and use tax rates for those jurisdictions. The department must also provide and maintain a downloadable database that assigns each five and nine-digit zip code to the proper rates and taxing jurisdictions. The department is proceeding to develop these databases as soon as possible, and will notify retailers when they are available for use. However, they will take some

time to develop and will not be available by July 1, 2003. Until these electronic databases become available, Publication KS-1700 should be used to identify the correct local sales tax rates and taxing jurisdictions.

FORM CT-9U – Retailers who remit Kansas retailers' compensating use tax will report the tax due on Form CT-9U, which is available from the department's web site: www.ksrevenue.org or forms order line: (785) 296-4937. Taxpayers who are currently registered to remit Retailers' Compensating Use tax will automatically begin receiving Form CT-9U.

ADDITIONAL INFORMATION – Consult the "Kansas Sales And Compensating Use Tax" Information Guide, Publication KS-1510, which is available from the department's web site: http://www.ksrevenue.org/pdf/forms/pub1510.pdf or forms order line: (785) 296-4937.

You may also contact the department toll free by calling 1-877-526-7738; press "1" for touchtone phone (listen briefly), press "5" for Business Taxes (listen briefly); then press "2" to talk to a retailers' compensating tax representative.
