## **MORTGAGE and HERITAGE FEES**

---

The register of deed's office is responsible for the many documents filed and recorded in the county. The report included in this publication refers to the number of mortgages registered in each county and the total indebtedness involved. Also included in the report are the .25% mortgage fees and the .01% heritage trust fund fees collected in each county.

The Kansas Statutes reference the mortgage registration laws which set out the procedures and guidelines for receiving and filing a mortgage of real property. The register of deeds receives a registration fee of .26% of the principal debt or obligation being secured. The location of the real estate directs which county receives the filing and fees.

The 1990 Kansas Legislature created the Heritage Trust Fund in order to recognize the important role historic property owners and the unique circumstances they face in preserving our heritage. The fund is the only state financial incentive program for historic preservation.

Beginning October 1, 1990, the county treasurer began distributing .01% of the .26% mortgage registration fees collected to the state treasurer. All the monies paid to the state treasurer, up to \$100,000 from any county, is a credit to the Heritage Trust Fund. The excess over \$100,000 is a credit to the county general fund.

The number of properties on the state and national registers selected to receive monies from Heritage Trust Fund Grants is depicted as follows:

Year	# Properties	Grants
1998	11	\$536,884
1999	11	\$569,011
2000	12	\$726,498 <sup>1</sup>
2001	13	\$900,016 <sup>2</sup>
2002	14	\$955,957 <sup>3</sup>
2003	19	\$1,213,079 <sup>4</sup>
2004	19	\$1,267,322 <sup>5</sup>
2005	21	\$1,280,149 <sup>6</sup>
2006	17	\$1,111,920 <sup>7</sup>
2007	19	\$1,395,837 <sup>8</sup>

The purpose of the Heritage Trust Fund is to provide matching grants to assist the historic preservation projects involving property included in the national or state register of historic places. County and local governments, historical societies, and private nonprofit organizations receive at least 50% of the amount awarded annually for the preservation of eligible properties.

More information about the Heritage Trust Fund and a list of properties on the state and national register is located on Kansas Historical Society's website [www.kshs.org](http://www.kshs.org). From the navigation bar, click on the Historic Properties link, and then click on the Preservation Grants and Incentives link.

## **Neighborhood Revitalization Act**

K.S.A. 12-17,114 *et seq.*

In 1994, Kansas Legislators passed SB 732, known as the Neighborhood Revitalization Act (NRA), which provides for property owners to receive tax rebates who make renovations or improvements to their property. Local governments are authorized to enter into interlocal agreements to offer tax rebates to eligible property owners. K.S.A. 12-17,119 requires that any two or more municipalities must agree to participate in a revitalization plan.

K.S.A. 12,17,115 denotes the qualifications for an area to be eligible for neighborhood revitalization. Revitalization areas exist where dilapidation, deterioration, obsolescence and surroundings that endanger life, or property by fire, and other conditions that are detrimental to public health, safety or welfare. Areas where there is a predominance of buildings or improvements, which by reason of age, history, architecture or significance may be identified as a revitalization area.

The content of a revitalization plan is described in K.S.A. 12-17,117. Plans must include the following criteria (not all-inclusive):

- legal description of the boundaries of the proposed area and a map depicting the existing parcels;
- assessed valuation, and a listing owners names and addresses in the proposed area;
- listing of zoning classification and district boundaries, and the existing and proposed land uses;
- proposals for improving or expanding municipal services with the area;
- a statement specifying if revitalization and rehabilitation apply to additions and/or new construction;
- the standards or criteria to be used when reviewing and approving applications for rebate;
- a statement specifying the maximum amount and years of eligibility for a rebate; and
- prior to adopting a plan, the governing body shall conduct a public hearing.

The criterion for determining what property qualifies for revitalization varies from plan to plan. The most common requirements in the plans are:

- building permits issued prior to submission of the application;
- taxes are paid in full;
- exclusion of properties with delinquent tax;
- total compliance with building codes; and
- exclusion of swimming pools, fences and parking lots.

The application period or timeframe of the established plans varies from two to ten years in duration. A few cities have adopted additional plans, expanding their revitalization areas. Some plans have a rebate percentage of 100%, retaining 5% of the rebate for administrative costs. Many plans begin with a 95% rebate decreasing the percentage to 10 until the program has expired. Some plans also establish a different sliding scale for commercial properties. Historical renovations are generally receiving a 100% rebate.

## DIGITAL BROADCAST EQUIPMENT TAX CREDIT

K.S.A. 79-2980 and 79-2981

---

Television and radio broadcasters shall receive a personal property tax credit from the county treasurer of the county in which certain digital equipment is located. In order to qualify for the credit, the digital equipment must have been acquired prior to July 1, 2006. The credit is an

- amount equal to the broadcaster's personal property taxes on digital television or digital radio equipment acquired prior to July 1, 2006
- multiplied by one minus the digital television fraction or digital radio fraction.

The digital television fraction numerator is the total number of digital television sets in the United States and the denominator is an amount representing the total television sets in the United States as of the assessment date.

The digital radio fraction numerator is the total number of digital radio sets in the United States and the denominator is an amount representing the total radio sets in the United States as of the assessment date.

The digital television and radio fractions are to be determined on an annual basis based upon sales data reported by the consumer electronics association or other national organization acceptable to the department of revenue. The Kansas Association of Broadcasters shall provide by July 1 of each year to the department of revenue an estimate of the digital television fraction and digital radio fraction as of the preceding January 1. The department of revenue shall communicate such estimates to each county appraiser. The digital television credit shall not be applicable to years after the federal communications commission has ended the broadcast of analog television signals by all full power commercial television stations in Kansas. The digital radio credit shall not be applicable to years after December 31, 2013, or until more than 50% of the radio sets in the United States are capable of receiving the digital radio signal, whichever comes first.

“Digital television and radio equipment” is defined to mean:

- All items of tangible personal property
- used directly or indirectly
- in broadcasting television or radio shows or commercials
- through the use of digital technology
- including studio broadcast equipment, transmitter and antenna equipment and broadcast towers.

Table IIIb

**COMMERCIAL and BUSINESS MACHINERY and EQUIPMENT, RAILROAD  
and TELECOMMUNICATIONS TAX ASSISTANCE REFUND**

K.S.A 2006 Supp. 79-2978 and 2006 Supp. 79-2979

---

In 2006, the Legislature passed HB 2583 which exempted commercial and industrial, telecommunications and railroad machinery and equipment (M & E) acquired by qualified purchase or lease made or entered into after June 30, 2006. Additionally, all equipment transported into Kansas after June 30, 2006 for the purpose of expanding an existing business or the creation of a new business is exempt.

HB2583 created the Business Machinery and Equipment Tax Reduction Assistance Fund and the Telecommunications and Railroad Tax Reduction Assistance Fund. Monies transferred from these funds provide for a sliding five-year reimbursement “slider” to counties which experienced a reduction in the amount of ad valorem taxes levied on machinery and equipment.

Taxing subdivisions in the counties experiencing a reduction in taxes will receive a percentage of the difference from the base year (2005) taxes and the current tax year taxes. The calculation is based upon the difference between the amount of ad valorem taxes levied on commercial, industrial, telecommunication and railroad machinery and equipment by all taxing subdivisions in the county for tax year 2005 (base year) and the amount levied for the tax year of the apportionment (2007, 2008, 2009, 2010 or 2011) as certified by the county clerk to the director of property valuation on or before November 15<sup>th</sup> of the year of the apportionment.

Tax Year	Percent Reimbursed	Actual Reimbursement <i>\$ in millions</i>	Estimated Reimbursement <i>\$ in millions</i>
2007	90	25,860	
2008	70		44.846
2009	50		45.263
2010	30		31.983
2011	10		11.498

Legislation passed in 2007 required the subtraction from the taxes levied for the tax year of the apportionment the total ad valorem taxes levied by the county on commercial, industrial, telecommunications and railroad machinery and equipment that had been previously exempted or abated prior to July 1, 2006, pursuant to an industrial revenue bond exemption (K.S.A. 2006 Supp. 79-201a *Second*) or an economic development exemption (Article 11 Section 13 of the Kansas Constitution), and which such abatement or exemption expires after July 1, 2006.

Additionally, language was inserted to clarify the distribution of monies to the taxing subdivisions. The county treasurer will distribute according to the difference in total ad valorem taxes levied by such taxing subdivision for the tax year 2005 and the total ad valorem taxes levied by such taxing subdivision for the tax year of the apportionment, subject to the percentage reductions set forth in the statute (90% for tax year 2007; 70% for 2008; 50% for 2009; 30% for 2010; & 10% for 2011).

The aggregate amount of \$25,860,360 was reimbursed to counties experiencing a reduction in M & E ad valorem taxes for tax year 2007. The Business M & E Tax Assistance Fund distributed \$20,324,493 to 70 counties. Twenty-four counties received \$15,101 for the reduction in railroads and 62 counties received \$5,520,766 for the reduction in telecommunications from the Railroad and Telecommunication Tax Assistance Fund.

Table VIIb

---

## TABLE VIII

### **Distribution of Taxes Levied** November 1, 2007 for 2008 Expenditures

Intentionally left blank

---

**STATEWIDE - DISTRIBUTION of TAXES  
FOR 2008 EXPENDITURES**

---

---

The information on these tables includes three types of taxes collected: (1) Ad Valorem Tax; (2) In Lieu of Tax; and (3) Special Assessments.

**Ad Valorem Tax**

- Column 1. The general ad valorem tax levied.
- Column 2. The penalty tax noted is referencing the personal property late filing penalty tax that is imposed pursuant to K.S.A. 79-332a, 79-1422, and 79-1427a. Beginning with the 1994 tax year, the computation of tax levy rates could not include the amount of late filing penalty assessed valuation imposed on any personal property renditions, and oil and gas property renditions.
- Column 3. After all levies are set by the county clerks for each taxing subdivision (district) in their county, the computation of the penalty tax takes place and becomes a part of the tax roll that is certified to the county treasurer for collection as noted in this column.

**In Lieu of Tax**

- Column 4. *Money & Credits (Intangible) Tax* is the locally assessed intangible tax imposed by counties, cities, and townships upon the gross earnings derived from money, notes and other evidence of debt having a tax situs in such county. The governing officials of such municipalities are authorized to adopt a resolution or pass an ordinance imposing the tax rate in the amount of 1/8 to 3/4 of 1% of the total gross earnings. All tax imposed and collected is credited to the general fund of the county, city or township levying the same. K.S.A. 12-1,101 and following.
- Column 5. This column does not appear on the abstract. The *Financial Institution tax law* was repealed by legislation effective January 1995. The tax assessed to such business is now established as an ad valorem personal property tax.
- Column 6. *Industrial Revenue Bond* property exempt from ad valorem tax pursuant to K.S.A. 79-201a *Second* in lieu of tax collections are distributed according to the agreement that was filed with the city or county.
- Column 7. *Economic Development Bond* property exempt from ad valorem tax pursuant to the Kansas Constitution Section 13 of Article 11, in lieu of tax collections are distributed according to the agreement that was filed with the city or county.
- Column 8. *All Other* tax includes municipal housing payments pursuant to K.S.A. 17-2349; agreements with the United States pursuant to K.S.A. Chapter 27, Article 2 and agreements made by tax subdivisions with owners of tax exempt property pursuant to K.S.A. 12-147, 148.
- Column 9. The total *In lieu of Tax* collected and reported as distributed in columns 4 through 8.

**Special Assessments**

- Column 10. Includes all assessments and fees that are authorized by statute to be billed on the ad valorem tax statement. The distribution of the special assessments is posted on the applicable lines as to the taxing subdivision (district) that receives the money.
