Carry Over of Unused Credits

New Section 36 of HB 2117 addresses the question of what happens to the unused portion of nonrefundable credits that carry over from years prior to 2013 and are held by individuals, partnerships, S corporations, limited liability companies, or any other pass-through entity. This Section specifically provides individual taxpayers may continue to carry these credits forward as long as all statutory requirements continue to be met. The Section provides:

Any nonrefundable credits applicable to the Kansas income tax imposed on individuals that are no longer available commencing in tax year 2013 pursuant to this act and earned in any tax year prior to 2013 which are unused may continue to be claimed, subject to the limitations applicable to any such credit pursuant to law at the time such credit was earned.
