State Sales Tax Per Capita, with Rank by County

This map shows the Fiscal Year 2004 state sales tax paid per person, by county. The per capita figures are computed by dividing the sales tax collections for each county by its population. A high per capita figure may indicate either a high level of spending by each resident, or a high level of spending in the county by nonresidents or tourists. The shaded areas represent the ten highest per capita counties in the state. Major metropolitan areas such as Johnson, Sedgwick, and Shawnee counties have high ratios because of their many large shopping centers and high level of tourism.

The 2002 Legislature enacted House Bill 3011, which increased all motor fuel tax rates by \$.02 per gallon effective July 1, 2002 and increases all motor fuel tax rates by \$.01 per gallon effective July 1, 2003.

Oil Production, Calendar Year 2003

This map shows Kansas gross crude oil production in thousands of barrels by county for calendar year 2003. The upper figure for each county is the statewide production ranking and the lower figure is the county's oil production.

Eighty-eight of the State's one hundred and five counties produced oil. Ellis County, with 3.2 million barrels, was the top producer. There were ten (10) counties (see shaded areas) producing over one million barrels for the year. Their combined production of 16.5 million barrels was 48.5% of the statewide total production of 34.0 million barrels.

Homestead Property Tax Refunds

Kansas residents with a household income of \$25,000 and less who are either 55 years of age or older, blind or totally and permanently disabled or have a child under the age of 18 living at the residence, are eligible to receive a homestead property tax refund. Beginning in Calendar Year 1998 and reflected in the Fiscal Year 1998 data, the household income limitation was increased from \$17,200 to \$25,000 and includes renters who may now claim twenty as opposed to fifteen percent of their rent as property tax payments. The maximum refund amount remains at \$600 and decreases as household income increases. Previous-year filers may be prequalified in late November or early December and have their refund directed to the county for payment of all or a portion of their first-half real estate property taxes which are due December 20th. During the legislative session of 2000, a bill was passed that expanded the Homestead Property Tax Refund Act by allowing social security disability payments to be excluded from the definition of income in determining eligibility for the program.
