Selected 2016 Enacted Kansas Legislation

Cigarette Tax

Senate Bill 149 delays the taxation of e-cigarettes adopted by the 2015 Legislature from July 1, 2016 to January 1, 2017.

Income Tax

Senate Bill 149 creates a new individual income tax checkoff program authorizing taxpayers to donate to local school districts of their choice. Moneys donated would be required to be treated as donations to school districts in accordance with K.S.A. 72-8210 and be reported as gifts for purposes of the Kansas Uniform Financial and Reporting Act.

The bill also changes the sunset for the Angel Investor Tax Credit program, which offers qualified investors transferable state income tax credits of 50 percent. The program is extended from tax year 2017 up to and including tax year 2021.

Liquor Tax

Senate Bill 326 increases the amount of beer that can be manufactured with a microbrewery license, allowing production between 100 and 60,000 barrels of domestic beer in a calendar year for each microbrewery license issued in the state. The bill also allows a microbrewery to manufacture and distribute not more than 100,000 gallons of hard cider. It amends the definition of “wine” to include hard cider and any other product commonly known as a subset of wine. The bill requires at least 30% of the products utilized in the manufacture of hard cider to be Kansas grown unless authorized by the Director of Alcoholic Beverage Control. Additionally, the bill amends the Liquor Control Act to remove the one-year residency requirement for microbrewery, microdistillery, and farm winery licensees.

Property Tax

House Bill 2088 accelerates by one year (from January 1, 2018 to January 1, 2017) the effective date of a tax lid for cities and counties, originally approved in 2015 legislation. Under the tax lid provisions, increases in property tax dollars levied beyond the rate of inflation generally require voter approval, except that certain types of property tax increases are exempt from the computation involved in determining whether mandatory elections are necessary. New clarifying language stipulates that the inflation measure utilized will be a five-year rolling average, and under no circumstances could a figure be utilized of less than zero.

Senate Bill 280 makes a number of changes in law generally relating to property taxation. In addition to other changes, the bill clarifies the law governing the issuance and review of Board of Tax Appeals (BOTA) decisions. An aggrieved party is authorized to file a petition for reconsideration after a full and complete opinion had been rendered. Another provision raises the interest rate for delinquent real property taxes by five percent. The bill defines “bed and breakfast” property defined as residential and eligible for the 11.5 percent assessment rate is expanded to include property with 5 or fewer bedrooms available for overnight guests who stay for not more than 28 consecutive days. It also

provides for a property tax exemption for tax years 2016 to 2020 for property owned and primarily operated as an airport by a healthcare foundation also exempt for federal income tax purposes. Another provision states that if the director of property valuation has developed and adopted methodologies to value specific types of property, the county appraiser shall be required to follow such methodologies. The bill allows for a mixed-use classification of residential and land devoted to agricultural use for a single parcel.

Sales Tax

Senate Bill 149 provides a temporary sales tax exemption for the Gove County Healthcare Endowment Foundation, Inc. for the purpose of constructing and equipping an airport in Quinter, Kansas. The exemption sunsets on July 1, 2019.

An additional temporary sales tax exemption exempts all sales of tangible personal property and services purchased during calendar year 2016 necessary to construct, reconstruct, repair, or replace any fence damaged or destroyed by fire occurring during calendar year 2016.

The bill increases the cap on the amount of community improvement district sales taxes that the Department of Revenue may retain to help defray administrative costs. It is increased from \$60,000 to \$200,000.

Another provision requires placement on the individual income tax form for a line for payment of use tax on out-of-state and internet purchases where the tax was not previously paid (something the Department of Revenue already has been doing administratively for over a decade).

House Bill 2632 revises provisions of the Sales Tax and Revenue (STAR) Financing Act pertaining to the annexation of area into a STAR Bond district, pledges for future financial support from the state, an “eligible area,” and annual reporting to legislative committees. STAR Bond districts created and approved by the Secretary of Commerce by January 1, 2017, or later shall exclude tax increment financing derived from any sales tax revenues from retail automobile dealers. When a district adds area, the base tax year for the newly annexed area will be the 12-month period immediately prior to the month in which the new area is added to the STAR Bond district. “Eligible area” is redefined to include buildings that are 65 years old or older and contiguous lots which are vacant or condemned. The bill also allows for a portion of state sales and use tax revenues to be pledged to a STAR Bond district; under previous law, the pledge had to be all state sales and use tax revenues.

Motor Vehicle Legislation

Senate Bill 373 authorizes the Kansas Turnpike Association (KTA) to instruct the Division of Vehicles of the Kansas Department of Revenue to require payment of any tolls due and owing to the county treasurer at the time of registration or renewal of registration, or otherwise to refuse to register or renew the registration of the vehicle until the amounts are paid to the satisfaction of the Director or the Director’s designee, if the outstanding amount of tolls due and owing by the registered owner exceeds \$100.

Selected 2016 Enacted Kansas Legislation

House Bill 2289 amends the law concerning a driver's license suspension due to test refusal or test failure. Specifically, the bill requires a law enforcement officer's certification and notice of suspension to inform the person that constitutional issues cannot be decided at the administrative hearing, but may be preserved and raised in a petition for review of the hearing.

House Bill 2473 authorizes an Alzheimer's disease awareness license plate, authorizes those with additional types of distinctive military license plates to purchase decals indicating the owner has received certain military honors, removes a requirement certain notices be filed with the county clerk, and specifies certain requirements for city ordinances and county resolutions regarding towing apply only to ordinances or resolutions regarding towing from private property.

House Bill 2522 authorizes a laser-engraved photograph to be placed on a Kansas driver's license, instruction permit, or nondriver identification card. Additionally, it restricts a class M license of an applicant who passes a driving examination administered by the Division of Vehicles on a three-wheeled motorcycle, which is not an autocycle, the operation of a registered three-wheeled motorcycle. An applicant for a class M license who passes a driving examination on a two-wheeled motorcycle, may operate any registered two-wheeled or three-wheeled motorcycle. The bill authorizes electronic online renewal of a driver's license if permitted by the Director of Vehicles or the Director's designee and also adds a \$40 nonrefundable fee to accompany an application for a license to operate a motorized bicycle from a person who has had driving privileges suspended.

House Bill 2563 amends the definition of "nonhighway vehicle" to include any travel trailer that cannot be registered because it is not manufactured for the purpose of using the travel trailer on state highways and is not provided with the equipment for use on highways. The bill also amends the definition of "salvage vehicle" to include a travel trailer that cannot be registered because it has been wrecked or damaged to the extent it cannot meet safety requirements for operation on the highways.
