

## Sales & Use Tax Jurisdiction Code Booklet

**The combined sales tax rates listed in this booklet are  
effective October 1, 2016.**

This publication is useful for those sales and use tax filers reporting Kansas tax for more than one local taxing jurisdiction. The Kansas retailers' sales tax or Kansas use tax rate is a combination of the state rate of 6.50% plus any local tax percentage levied by a county or a city. Use the jurisdiction letter codes from this book to collect tax and file your sales and use tax returns. See examples inside.

By law, individuals and businesses are required to file their sales, compensating use, and withholding taxes electronically. Kansas offers several electronic file and pay solutions, so visit our website at [webtax.org](http://webtax.org) for the most up-to-date electronic filing information.

## GENERAL INFORMATION

The rate of state and local sales or use tax applied to a retail sale of goods and taxable services is determined by a series of "sourcing rules." More information about the rules can be found in our Notice 03-04, Destination-Based Sourcing Rules, available from our website at: <http://rvpolicy.kdor.state.ks.us/>.

As a general rule, the rate of tax is determined by where the customer takes possession/delivery of the property or taxable service. The following information defines "location of the sale" and gives examples for retailers located within Kansas and outside of Kansas.

### Retailers located within Kansas:

- for non-delivery sales, collect the rate of tax in effect at your place of business.
- for all other sales, collect the rate of tax in effect where your customer takes delivery – this is normally the rate of tax in effect at the customer's shipping address.

EXAMPLE 1: On July 1 a customer enters Joe's Hardware in Any City, Kansas, makes a purchase and takes possession of the item upon leaving the store. The combined rate of sales tax due is 7.8% – the rate in effect at Any City, Kansas, where the customer took delivery.

EXAMPLE 2: On July 1 a customer enters Joe's Hardware in Any City, Kansas, purchases an item, and arranges for it to be shipped to him in Samletown, Kansas. The combined rate of sales tax due is the rate in effect at Samletown, Kansas (where the customer took delivery) is 8.2%.

### Retailers located outside of Kansas:

- for all sales, collect the rate of tax in effect where your customer takes delivery – this is normally the rate of tax in effect customer's shipping address.

EXAMPLE: On July 1 a Kansas resident buys a desk from a Nebraska retailer. The desk is delivered to his home in Samletown, Kansas for \$1,000, including delivery charge. The Nebraska retailer will collect the Kansas retailers' compensating use tax on this sale at a rate equal to the state and local sales tax rate in effect in Samletown, 8.2% ( $\$1,000 \times .082 = \$82.00$ ).

## HOW TO USE THIS BOOKLET

This publication contains four colored tabs at the bottom of the workbook. These tabs provide instructions; combined (state, city and/or county) tax rates; and jurisdiction codes for all incorporated Kansas cities, the 105 Kansas counties, and special taxing districts.

There are more than 900 different sales tax jurisdictions in Kansas. To help reduce the number of codes and sales tax rates that retailers need to track, this publication contains two columns of jurisdiction codes. The column entitled "CODE FOR DELIVERY SALES" assigns the county jurisdiction code and sales tax rate for every city within that county that does not impose a city sales tax. For example, the city of Admire (page 5) has not imposed a city sales tax. The Admire code in the "CODE FOR DELIVERY SALES" column is the Lyon County code – LYOCO, and the rate is the Lyon County rate – 7.50%. The "CODE FOR DELIVERY SALES" column may be used by retailers who are delivering goods or taxable services to more than one jurisdiction. The result is that the number of taxing jurisdictions is reduced by more than half.

The column entitled "CODE FOR SALES AT BUSINESS LOCATION" should be used by retailers who collect only one sales tax rate. For example, a retailer in Admire who does not ship or deliver to other locations should use the "ADMLY" jurisdiction code and the 7.50% sales tax rate.

The use of the above described methods will not result in lost sales or compensating tax monies to cities that do not impose a city sales/compensating tax. If you have additional questions, contact our office for assistance.
